You get 3 *seconds.*

Hook rules we use on every ad and every reel.

on screen in 0.5s.

The hook appears before the first beat lands. Not after a logo, not after "hey".

works on mute.

Most people scroll with sound off. If frame one needs audio, it's already lost.

move in frame one.

A push, a cut, a word landing. A still first frame reads as a photo, and photos get skipped.

payoff first.

Say what they get, then explain. "₹0 a month" before "here's how we built it".
